

A copy of Kings Worthy Parish Council response sent to Winchester City Council, via the online planning portal.

Planning application Ref 09/02412/OUT - Proposed Development at Barton Farm. Andover Road, Winchester.

Although Kings Worthy Parish Council was not included in the consultation exercise, we would like to offer the following comments and objections:

1. No provision has been made for the diversion of the current wide and heavy load route that exists via Andover Road, as the diversion of Andover Road through the development would then become part of the heavy load route. This would pass the shops and proposed school.
2. The new road will not be able to cope with diverted traffic from the A34 when closed for emergencies.
3. The Staffordshire site that was compared with this development is not appropriate, as access is a problem
4. The provision of 200 spaces for a park and ride is not viable and is inadequate.
5. No account has been taken of the problems of flooding in the area.
6. Public transport has not been revisited
7. Henry Beaufort School is not adequate to take the influx of pupils from that development.
